COUNCIL DECISION

on monitoring the implementation
of instruments adopted concerning asylum

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union and in particular Article K.3(2)(a) thereof,

Having regard to the priority work programme adopted by the Council on 30 November 1993 in Brussels, calling in particular for the preparation of an annual report on achievements in the fields of justice and home affairs and to the Council Resolution of 14 October 1996, laying down the priorities for cooperation in the fields of justice and home affairs for the period from 1 July 1996 to 30 June 1998 ⁽¹⁾,

[Having regard to the resolutions of the European Parliament adopted in the field of asylum,] ⁽²⁾

Whereas Article K.1 (1) of the Treaty states that Member States shall regard asylum policy as a matter of common interest;

Whereas monitoring of the implementation by Member States of the instruments adopted in this area will reveal the practical effect of the Council's work in this matter and provide useful lessons for its future work,

HAS DECIDED AS FOLLOWS:

⁽¹⁾ OJ No C 319, 26.10.1996, p. 1

⁽²⁾ Scrutiny reservation from the French, Spanish and UK delegation.

Article 1

Each year, the Presidency shall forward to the Member States a questionnaire designed to show how they have implemented the instruments concerning asylum adopted by the Council and by the Ministers responsible for immigration.

The questionnaire shall refer to the following matters:

- provisions, policies and practical measures adopted during the preceding year by the Member States in any of the areas covered by the instruments referred to above,
- any difficulties encountered in adopting such provisions, policies and practical measures,
- the likelihood of provisions, policies and practical measures in the areas referred to in the first indent being adopted in the near future,
- practical application of the aforementioned instruments, provisions, policies and practical measures and any difficulties encountered therewith.

,

Article 2

On the basis of the questionnaire referred to in Article 1, Member States shall prepare an information note in which they may refer to or include relevant parts of their regular submissions to the Centre for Information, Reflection and Exchange on Asylum (CIREA).

Article 3

The General Secretariat of the Council shall translate the information notes referred to in Article 2 and make them available to all Member States and to the Commission. It shall also prepare a synthesis report based on the information notes.

Article 4

On the basis of the synthesis report and any other relevant material, for example from UNHCR and, if appropriate, from non-governmental organisations, the Presidency shall prepare a report.

After consultation of UNHCR, the Presidency, in conjunction with the Commission, shall draw up this report which shall contain an analysis suggesting inter alia whether there are issues requiring a further exchange of views between Member States and whether any additional measure or further harmonization may be necessary.

This report shall then be examined within the framework of the Council with a view to its submission for consideration by the Council. UNHCR may be invited to participate in the discussions of the report at Working Party level. ⁽¹⁾

Article 5

The questionnaire shall be sent to the Member States before 1 July each year and Member States shall submit their information notes before 1 October following.

The first questionnaire shall cover implementation for the period up to 1 July 1997.

⁽¹⁾ The Danish, Dutch and Swedish delegations prefer mentioning non-governmental organizations in addition to UNHCR, but are ready to accept this wording in a spirit of compromise. The Spanish and United Kingdom delegations hold a scrutiny reservation on this sentence.
The German delegation also holds a scrutiny reservation, but could withdraw it, if this sentence was accepted as a compromise.
