Subject :	Change in top management of Global One

The GO SPII program manager, Mr Saucez, has informed SIS-MU by e-mail that the CEO of Global One, Mr Foresee, has resigned for personal reasons. A triumvir of Mr. Huet, Mr. Rucker and Mr. Stephenson will temporarily replace him until the mother companies appoint a new CEO. Global One confirms that the new organisation will not have an impact on the operations and services for the SPII network.
