*On the compilation of statistics pursuant to
Article 54(3) of Regulation (EU) 2018/1861
and Article 68(3) of Regulation (EU)
2018/1862*

In response to your request, we will send you the completed table “Model for the annual report to the European Data Protection Board pursuant to Article 54(3) of Regulation (EU) 2018/1861 and Article 68(3) of Regulation (EU) 2018/1862” containing information on submissions received and examined by data subjects in the SIRENE Latvian Bureau.

We would also point out that we have identified 49 cases where access to the data was not granted because requests were not made and submitted in accordance with Cabinet Regulation No 622 of 11 September 2007 “Procedures for requesting and issuing information on the data subject stored in the Schengen Information System and the SIRENE Information System”. In all these cases, the applicants were informed of the correct submission procedure.

In one case, access to the data was not granted because the provision of information was not permitted under the Schengen Information System Act.

The above identified cases were not reflected in the table due to the absence of appropriate fields.

In the Annex: completed table

With respect
